ASTROLOGY

ARIES (March 21 to April 19) Guess what, Lamb? You're about to experience a new perspective on a situation you long regarded quite differently. What you learn could open up more opportunities later.

TAURUS (April 20 to May 20) The Bold Bovine is tempted to charge into a new venture. But it might be best to take things one step at a time so that you know just where you are at any given point.

GEMINI (May 21 to June 20) It's a good time to go on that fun getaway you've been planning. You'll return refreshed, ready, and, yes, even eager to tackle the new challenge that awaits you.

CANCER (June 21 to July 22) The Moon Child loves to fantasize about magical happenings in the early part of the week. But the sensible Crab gets down to serious business by week's end.

LEO (July 23 to August 22) What goes around comes around for those lucky Leos and Leonas whose acts of generosity could be repaid with opportunities to expand into new and exciting areas of interest.

VIRGO (August 23 to September 22) Your concern about your job responsibilities is commendable. But it's time for you to take some quiet moments to share with someone who has really missed being with you.

LIBRA (September 23 to October 22) Aspects favor getting out and meeting new people. And, as a bonus, you might find that some of your newly made friends could offer important business contacts.

SCORPIO (October 23 to November 21) You might take pride in wanting to do everything yourself. But now's a good time to ask family members to help with a demanding personal situation.

SAGITTARIUS (November 22 to December 21) Pay more attention to the possibilities that could come with a workplace change. It could show you the way to make that long-sought turn on your career path.

CAPRICORN (December 22 to January 19) Your need to succeed might overwhelm obligations to your loved ones. Ease up on that workload and into some well-deserved time with family and friends.

AQUARIUS (January 20 to February 18) Love rules for amorous Aquarians who can make good use of their ability to communicate feelings. Don't be surprised if they're reciprocated in kind.

PISCES (February 19 to March 20) Fishing for compliments? No doubt, you probably earned them. But it's best to let others believe they were the ones who uncovered the treasure you really are.

BORN THIS MONTH

Your good work flows from an open, generous heart. Nothing makes you happier than to see others happy as well.
