ASTROLOGY

ARIES (March 21 to April 19) Home conditions still demand attention. Also, keep an open mind about a sudden question of trust involving a close friend. All the facts are not yet in.

TAURUS (April 20 to May 20) Travel begins to dominate your sign as spring gives way to summer. Make plans carefully to avoid potential problems during the first half of June.

GEMINI (May 21 to June 20) A romantic Libra sets a challenge that your "sensible" side might question, but your idealistic self finds the prospect too intriguing to resist. The choice is yours.

CANCER (June 21 to July 22) Those tense times in your personal life are just about over. Concentrate on reaffirming relationships. Your love for travel opens up a surprising new opportunity.

LEO (July 23 to August 22) The Big Cat usually loves to be in the center of things. But this week, it might be wiser to watch and learn from the sidelines. A Pisces wants to make you purr.

VIRGO (August 23 to September 22) "New" is your watchword this week. Be open to new ideas, both on the job and in your personal life. A romantic Aries or Sagittarian beckons.

LIBRA (September 23 to October 22) Some difficult family decisions have to be faced, but be sure to get more facts before you act. Also, be careful not to neglect your health during this trying time.

SCORPIO (October 23 to November 21) You still need to support a loved one

through a difficult time. Meanwhile, things continue to work out to your benefit in the workplace.

SAGITTARIUS (November 22 to December 21) Aspects continue to favor expanding social opportunities. A Gemini reaches out to offer a chance for reestablishing a once-close relationship.

CAPRICORN (December 22 to January 19) There's a potential for misunderstandings in both your job and your personal life. A full explanation of your intentions helps smooth things over.

AQUARIUS (January 20 to February 18) You might be feeling restless on the job, but delay making any major moves until all the facts are in. Meanwhile, a Scorpio has a surprising revelation.

PISCES (February 19 to March 20) Your business sense works to your advantage as you sort through the possibilities that are opening up. A Libra is Cupid's best bet for your romantic prospects.

BORN THIS MONTH: You have a gift for being open-minded about people. This helps you make friends easily. You do very well in public service.
